

ARTEM MEHES

Middle Front-End Developer / Kyiv, Ukraine

I'm a front-end developer with **+3 years** of experience and a passion for technology. My experience spans a variety of projects. My goal is to become **full-stack developer**.

WORK EXPERIENCE

Front-End Developer - Sweetcode Lab

December 2020 - Present / Full-time / Kyiv, Ukraine / Hybrid

Polli.co / July 2023 - Present

- Involved in developing a **cryptocurrency** application that integrates with various wallets including **Cosmos** and **Ethereum**.
- Implemented features for viewing detailed wallet information presented through **dynamic graphs and tables**.
- Enabled functionalities for managing cryptocurrency transactions including **delegations** and **withdrawals**.

Guardian Vets / March 2022 - July 2023

- Contributed to the development of a **telehealth** platform for veterinary hospitals.
- Implemented **multi-step forms** for recording patient details during calls.

Up Fitness / June 2021 - August 2021

- Contributed to the development of a **fitness** app aimed at coaches and their clients.
- Integrated advanced data visualization features, including various **graphs**, to track and display client progress effectively.
- Collaborated with an **international team** predominantly from Britain and the USA.

Internal company products / December 2020 - June 2021

- Developed internal applications focused on the **medical products distribution sector**.
- Implemented **interactive maps** showcasing shop locations for easy navigation and accessibility.
- Created **data tables detailing product information**, enhancing user understanding and decision-making.

Beyond development

- Conducting interviews.
- Reviewing test tasks.
- Mentoring new developers.
